3 Proven Instagram Story Formulas

1. Comparison Formula

2. Question Formula

3. Urgency Formula

Media Types

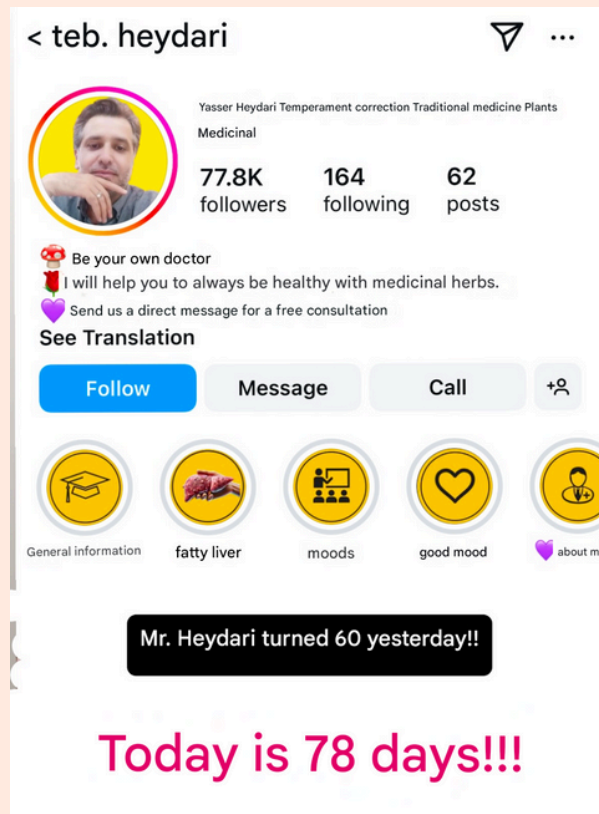

Example for a Makeup Blogger:

🔔 "Still struggling to find the perfect foundation?"

◆ One side: Flawless, smooth skin after using the right product

◆ Other side: Patchy, cakey, or oxidized foundation

🔥 "Experience the difference! Get a free skin consultation now!"

1. Comparison Formula

✓ Concept:

This formula places the customer in a smart comparison between two options, highlighting the competitive advantage of your product or service. One side shows the benefits of your product, while the other presents the issues that arise without it.

📌 How to implement it?

- In the first slide, ask a question that makes the viewer reflect on their choices.
- In the second slide, display two contrasting options (e.g., With your product vs. Without it).
- In the last slide, include a strong CTA (Call to Action) encouraging them to take action.

2. Question Formula

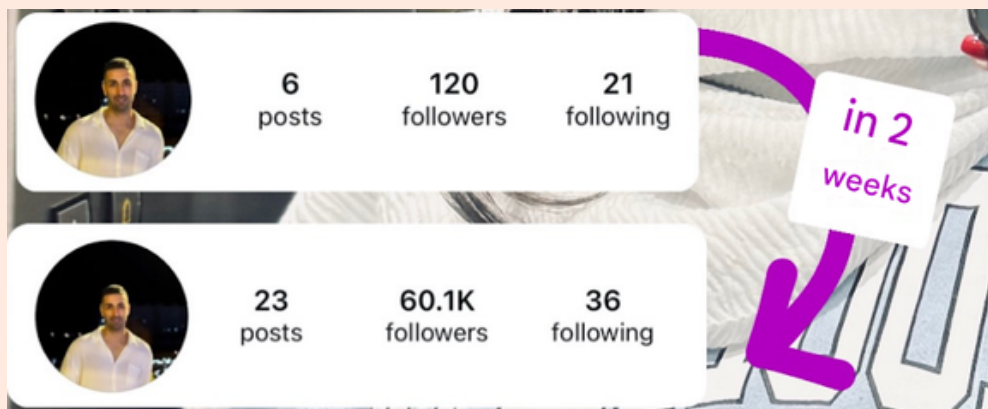

✓ Concept:

This formula engages the audience by asking a powerful question that triggers their thought process and leads them to realize their need for your product or service.

📌 How to implement it?

- In the first slide, ask an attention-grabbing, thought-provoking question.
- In the next few slides, guide the viewer through impactful, short messages.
- In the final slide, include a CTA that directly addresses the problem and provides an immediate solution.

Real Client Success Stories

Example for a Makeup Blogger:

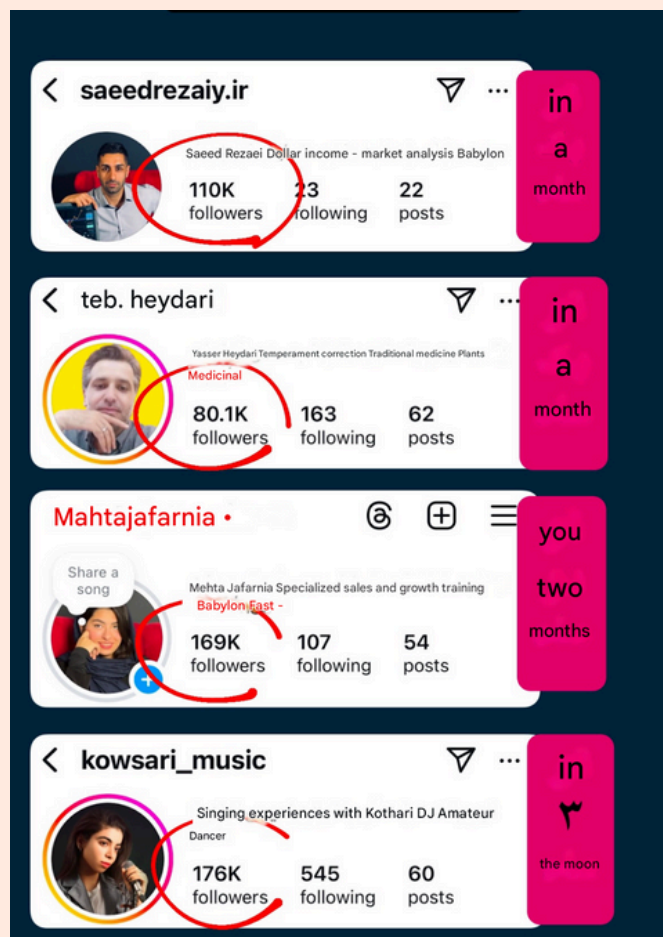

💡 "Why doesn't your makeup sit well on your skin?"

🤔 Problem: Foundation creases? Feels heavy? Changes color after a while?

✅ Solution: Use the right primer and foundation for your skin type!

📺 "Grab a free tutorial & fix your makeup issues today!" (CTA)

Real Client Success Stories

3. Urgency Formula (Ethical Scarcity)

✓ Concept:

Creating urgency and FOMO (Fear of Missing Out) by emphasizing time-sensitive or limited-quantity offers, making the audience feel that they need to act immediately or risk missing out.

📌 How to implement it?

- In the first slide, mention a limited-time offer or low stock availability.
- In the next slides, highlight why your product/service is valuable and why they need it now.
- In the last slide, add a powerful CTA urging immediate action.

Example for a Makeup Blogger:

Only 5 of these limited-edition palettes left!"

 Looking for exclusive, rare shades that complement all skin tones? This is your LAST CHANCE!"

 "Tap now to order before they're gone!" (CTA)

Real Client Success Stories

Key Takeaways:

 The goal of this strategy:

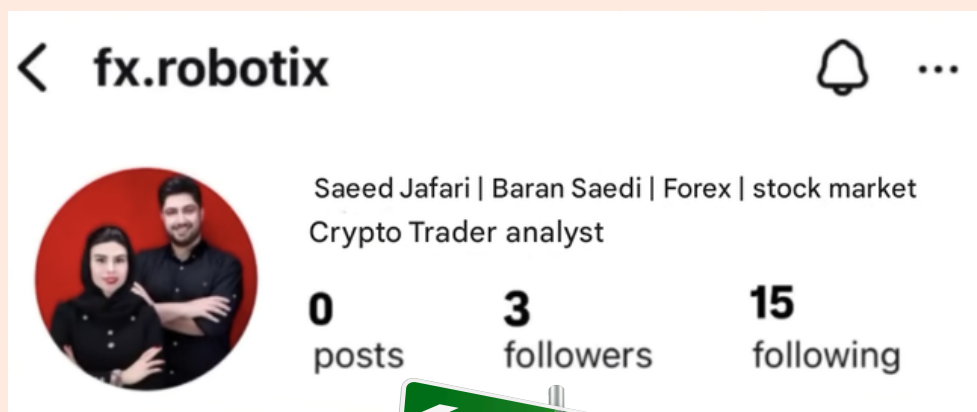

✓ Boost engagement and attract new followers with inspiring content

✓ Provide free value with a PDF and makeup education

✓ Collect emails for future offers and increase sales

🔥 This content can easily turn into a successful campaign to increase both sales and engagement! 🎉🎊
